PROFESSIONAL SUMMARY

I am a software engineer with 10 years of experience, especially in Java web applications with strong fundamentals in PLSQL (Oracle, MySQL). I have developed Restful APIs for e-commerce and services business.

WORK EXPERIENCE

Programmer , Proisa

01 2013 – 05 2015

- Update and develop POS applications for restaurants with FoxPro 9.
- Database migration (procedures, Functions, entities..) from FoxPro Database to SQL SERVER.

Software Engineer , Fripick/ Newtech

05 2015 – 01 2019

- Create Restful services (SpringFrameWork) for an API ecommerce. Manage process about billing, shopping cart and inventory.
- Create database procedures to improve the reports performance. Creation of a new cycle process for billing entities.

Software Engineer 4 , Claro Dominicana

01 2019 – actual

- Lead team responsible for creation of a new web application. As lead a have been in charge of creating architecture and developing using React (basic js, mui material), Spring Boot (JUnit testing, security architecture with JPA, validations field for DTOs) and Oracle (complex system of procedures, cursors, functions).
- Creation of jar apps for cron jobs Linux server execution.
- Creation of database procedure with a performance syntax for batch execution.

SKILLS

Languages: Spanish (Native), English(Advance B2)

Technologies: Springframework (Security,Core, Spring Boot, Validations, restful), Junit 5 (Mockito, integration test with H2), Git (Gitlab, Github), React (basic), Weblogic, Hibernate , javaScript (basic), MySQL, Oracle database, Docker (basic)

EDUCATION

Ingeniería Informática, Degree ,Universidad tecnológica de Santiago (UTESA)

07 2017

Oracle Certified Associate (OCA) Java 8, Certified ,Oracle

11 2018

Data Structures and Algorithms: Deep Dive Using Java, Course ,Udemy

06 2022

Java for Programmers, Skill Path, Educative.io

05 2023

- Object Oriented Programming
- Recursion
- Java Multithreading
- Java Collections

Software Architecture in Applications, Course, Educative.io

07 2023

An Introduction to Microservice Principles and Concepts, Course, Educative.io

09 2023
